SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Applicants submit the references listed on the attached form PTO 1449, copies of which are enclosed. A copy of a communication from a foreign patent office in a counterpart application is also enclosed.

Submission of this statement is not a representation that a search has been made nor is information included in this statement an admission that the information is material to patentability.

This statement is being filed before the receipt of a first Office action on the merits. I, the undersigned, hereby certify that each item of information in this statement was cited in a communication from a foreign patent office in a counterpart foreign application, dated August 18, 1998 which is not more than three months prior to the filing of this statement.

Applicant notes that the forms PTO 1449 submitted with the Information Disclosure Statement filed May 6, 1998 have not been initialled and returned and hereby requests that they be initialled and returned with the next action.

If there are any charges, or any credits, please apply them to Deposit Account No. 03-2095.

Respectfully submitted,

Date: 8 October 1998
